

## BAND

The Camas High School Band, under the direction of Mr. Wayne Moffitt, has appeared before the public twenty-six times, a total which exceeds that of any other activity over a period of two years.

The forty-piece band has played at every home football game. Either the "pep band" or the full band played at every basketball game. The crowning performance was their appearance before the public in new uniforms at this year's Thanksgiving Day Game with Vancouver which was played here.

Camas was host to all surrounding schools at the County Music Festival this spring. The band will also represent the "Paper City" in the Rose Festival Parade this June.

Camas, in the past few years, has built up a fine band of which all can be proud. In the future we hope our fine standing will continue.
